Department of State Representative Programs

**Facilities & Logistics**
Government agencies rely on responsive and scalable facilities operations and logistics capabilities to meet mission objectives.

- **Consolidated Receiving Point (CRP) - New Jersey:** Provide complete logistics services for embassies around the world to include storage, containerization, container loading, shipping, and export docking in support of the Office of Logistics Operations.

- **INL/Columbia Forensic Services:** Work in partnership with INL/EUM COR and INL/WHP program personnel in D.C. and Bogota to provide detailed reviews identifying all defense articles that have been transferred to the host government since the inception of the INL program in Colombia.

- **Furniture, Fixtures & Equipment (FF&E):** Provide a turnkey solution for FF&E, procurement, project management, interior design, transition planning, storage, physical relocation, and other ancillary services.

**Mission Support**
Expert, cost-effective solutions that fully support the critical nature of our customers' missions.

- **Visa Support Services:** Provide management, logistical, and administrative support for the processing and adjudication of visa applications.

- **Professional Employee Support Services:** Provide CONUS and OCONUS mission critical staffing support for existing DoS programs through a single-award IDIQ contract.

- **Saudi Courseware Development & Classroom Training:** Design, develop, and deliver instructor-led training for the OPM-MOI Management and Related Training (MRT) program addressing knowledge areas of program management, lean management techniques, communications, and crisis management.

**IT**
Offering full-spectrum solutions aimed at improving operations, reducing costs, and returning focus to delivering on mission outcomes.

- **Organizational Change Management (OCM) Support & IPMS Training Services:** Provide OCM expertise for the Bureau of Human Resources to include project management, training, communications, and general organizational change management.

- **OBO/CFSM Total Division Support:** Provide cutting-edge technology solutions for the Construction, Facilities, and Security Management (CFSM) Division of the Bureau of Overseas Buildings Operations (OBO) that streamline operations and increase access to shared division-wide overseas project data.

- **Digital Strategy & Support:** Provide digital strategy and governance, operations, development, graphic design, infrastructure, help desk, website migration, big data processing and analytics, and program management for the Under Secretary for Public Diplomacy and Public Affairs.

- **Technical & Program Oversight Services (TPOS):** Provide technical and program management support for the development of new systems and maintenance of existing systems ensuring the Information Resource Management (IRM) Messaging Systems Office (MSO) can achieve its mission.

- **IT Hardware, Software & Related Services:** Provide hardware and software maintenance, technical support, installation, integration, and IT cabling in addition to supplying hundreds of servers, desktops, laptops, monitors, printers, VTC and telecommunications equipment.

**About Akima**
Akima is a global enterprise with more than 7,500 employees, delivering agile solutions to the federal government. As a subsidiary of NANA, an Alaska Native Corporation owned by more than 14,300 Iñupiat shareholders, Akima’s core mission is to enable superior outcomes for our customers’ missions while simultaneously creating a long-lived asset for NANA consistent with our Iñupiat values. In 2019, Washington Technology ranked Akima #38 amongst the top 100 government contractors. For more information, visit [www.akima.com](http://www.akima.com).
