Working with Akima

Akima is an Alaska Native Corporation supporting a portfolio of 8(a) companies, small businesses, and operating companies that are both specialized and nimble—two qualities that allow us to respond quickly to each customer's unique needs.

We offer customers streamlined procurement solutions through a wide variety of government-wide acquisition contract vehicles, basic ordering agreements, and agency specific IDIQs, as well as the option of direct/sole source contracts through our 8(a) companies.

- Quick, smooth transition to full contract operations typically in 30 to 60 days
- No J&A required for awards up to \$100 million (DoD) and up to \$25 million (federal civilian) [FAR 6.302-5(b)(4) and Class Deviation 2020 -O0009]
- Limited potential for award protest [13 CFR 124.517(a)]
- Small Disadvantaged Business Credits [13 CFR 124.109(a)(4)]
- Negotiated fair price

Representative Programs

U.S. Air Force

New Boston Security Services

Akima is the prime protective services contractor at the U.S. Air Force New Boston Air Force Station in New Boston, New Hampshire providing trained, duty function-certified, and qualified armed security guards, management and supervisory personnel, weapons, equipment, tools, and materials necessary to perform security services. We provide 24/7/365 stationary and roving patrols, access control, security inspections, safeguarding disaster or crime scenes, processing and maintaining security force records, protecting critical infrastructure high value targets in restricted and controlled areas.

NASA

Stennis Space Center Protective Services

We provide comprehensive 24/7/365 protective services to the National Aeronautics and Space Administration (NASA) Stennis Space Center and all its government, academic, and commercial tenants. It is our responsibility to safeguard all facilities, property, and people, as well as provide access and egress control and management and perform static and mobile law enforcement. Our team performs suitability and adjudication determinations for government employees, contractors, and foreign and domestic visitors; provides locksmith support services; and delivers comprehensive security services to the Government Publishing Office.

CBP

Advanced Training Center Security Services

At the U.S. Customs and Border Protection (CBP) Advanced Training Center (ATC) in Harpers Ferry, WV, Akima provides trained, duty function-certified, and qualified armed security guards, management and supervisory personnel, weapons, equipment, tools, materials, and other items and services necessary to perform comprehensive security services. Our team is responsible for 24/7/365 stationary and roving patrols, access control, security inspections, safeguarding disaster or crime scenes, processing and maintaining security force records, and protecting critical infrastructure high value targets in restricted and controlled areas.

Department of Defense

Emergency Management System Support

We provide engineering, design, information assurance, and 24/7/365 sustainment support for the emergency management systems used by the Department of Defense to rapidly notify personnel of hazards, threats, or emergencies at installations across the globe. Our team supports more than 1.5 million users by performing lifecycle system support services for mass warning notification solutions, including enterprise network alerting systems, telephonic alerting systems, giant voice integration, as well as audio visual notification systems, and enhanced 9-1-1 at select installations. Additionally, we have established a managed IT center in Sterling, Virginia where we provide continuous tier I-III support for these emergency management systems, including an ITIL-based service desk, while also testing emerging capabilities and technologies in our in-house lab.
