AKIMA

Delivering Full Spectrum IT Support through ITES-3S and ITES-3H

Today's warfighters aren't just supported by technology – they are enabled by it. That means having ready access to superior IT solutions is critical to delivering on today's complex missions. With Akima portfolio of companies, you get just that.

The Akima portfolio of companies deliver both IT products and services, offering the full spectrum of solutions to meet our customers' needs — whether it is the latest piece of hardware or software, or a team to help you plot your move to the cloud.

Our goal is to exceed all performance requirement standards for both ITES-3S and ITES-3H with an all-small business team delivering flexible, scalable, and comprehensive IT solutions to warfighters worldwide.

Who is the Akima?

Headquartered in Herndon, Virginia, Akima supports a network of over 40 small disadvantaged businesses through an innovative shared services model that provides business processes and shared back-office support at a level akin to that found in a Fortune 500 defense contractor. This enables Akima's portfolio of companies to operate as a small businesses in terms of autonomy, customer interaction and decision making, while receiving support from an organization with more than **three decades of experience working with the federal government.**

The Akima portfolio of companies bring their world-class solutions to the Department of Defense, the intelligence community and federal civilian organizations. A global enterprise, Akima is comprised of 7,500 employees; over 30 percent of whom are women and over 47 percent of whom are minorities.
