

# Transforming the Future of Enterprise IT

Modernization priorities are rapidly advancing across the Department of Defense (DoD). From artificial intelligence to unmanned aerial systems, today's military leaders are seeking next generation technologies that can deliver game-changing results on—and off—the battlefield. Having a trusted partner that consistently delivers solutions in support of advancing the capabilities of our warfighters is critical to staying ahead of today's unconventional threats. **Compass Point is uniquely positioned to meet this demand.**

## Our Capabilities

From capabilities development and multi-domain operations to full spectrum solutions in IT and cybersecurity, our experienced teams are helping the DoD scale their efforts, all while reimagining how missions are achieved.

### Technology Innovation

Compass Point offers end-to-end services that help federal customers securely transition from traditional IT to the technology of the future with minimum risk. From engagement to transformation and adaption, our unique business model is designed to promote rapid evolution and change in IT culture, while focusing on successful service delivery through agile, lean practices in the context of a system-oriented approach.

### Multi-Domain & Joint All-Domain Operations

Our senior team of professionals and subject matter experts have decades of experience working in Signal/Communications, Military Intelligence, Cyber Operations, Electronic Warfare, and Information Operations. Their expertise ensures we deliver capabilities to our customers that are optimally networked, and that we provide integrated cyber, intelligence, and electronic warfare systems to the warfighter to enable success in Multi-Domain Operations.

### Cybersecurity

Compass Point is dedicated to helping our customers detect, pre-empt and thwart complex and evasive cyber threats. We integrate cyber strength into a top down, holistic view—from policy and governance, to implementation, operations, and ongoing analytics—to ensure your networks remain safeguarded and in your control 24/7/365. We also leverage cutting-edge technology from industry leading original equipment manufacturers (OEMs) to deliver comprehensive protection of government assets.

### Capabilities Development & Subject Matter Expertise

Our senior thought leaders and subject matter experts—many of whom have recognized experience across the defense and intelligence communities—provide focused teams that help customers find gaps, develop stronger capabilities, and enhance collaboration capabilities to achieve success with their most difficult and demanding mission objectives.

### And more...

Your vision is our mission. From advanced intelligence and analytics to sophisticated engineering challenges, Compass Point is agile and experienced enough to support a wide array of DoD requirements. We look forward to the opportunity to partner with you.

## The Compass Point Difference

*At Compass Point, we are committed to helping the Department of Defense and federal civilian agencies modernize their IT infrastructure and systems to drive innovation and value.*

### DATA CENTRIC

Our team of experts deliver highly specialized, data-centric services across government enterprises.

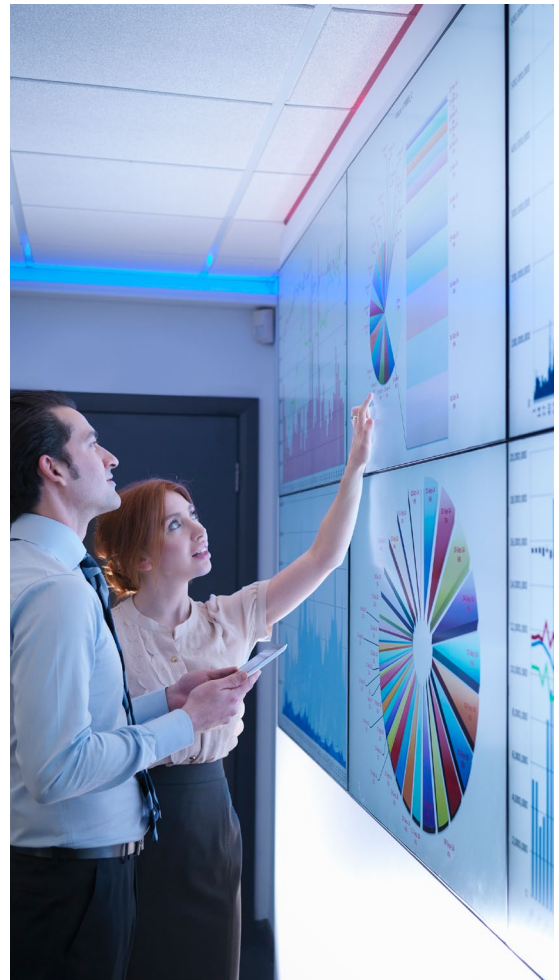

### RESULTS ORIENTED

We are an experienced, mission-focused team committed to excellence and results.

### CONTRACT AGILITY

Compass Point offers direct award capabilities as an 8(a) company and is a contract holder on ITES-35.

## About Compass Point

Compass Point is an SBA certified 8(a) Alaska Native Corporation (ANC) and a wholly owned subsidiary of Akima. Headquartered in Herndon, Virginia, Akima supports a network of over three dozen socioeconomically disadvantaged small businesses through an innovative shared services model that provides business processes and shared back-office support at a level akin to that found in a Fortune 500 federal contractor. This enables Akima's portfolio of companies to operate as a small business in terms of autonomy, customer interaction and decision making, while receiving support from an organization with more than 30 years of experience working with the federal government.

**As an 8(a) business, Compass Point offers our customers a variety of contract advantages including:**

- Direct negotiated contracts with no award dollar limits
- Limited potential for award protest
- Small Disadvantaged Business Credits
- Simplified and accelerated procurements

**NAICS Codes:** 541430 - Graphic Design Services 541511 - Custom Computer Programming Services  
561210 - Facilities Support Services

**CAGE:** 7W2L8  
**DUNS:** 080686552
