## About Five Rivers Analytics

Five Rivers Analytics is an SBA certified 8(a) Alaska Native Corporation (ANC) and a wholly owned subsidiary of Akima. Headquartered in Herndon, Virginia, Akima supports a network of over three dozen socioeconomically disadvantaged small businesses through an innovative shared services model that provides business processes and shared back-office support at a level akin to that found in a Fortune 500 federal contractor. This enables Akima's portfolio of companies to operate as small businesses in terms of autonomy, customer interaction and decision making, while receiving support from an organization with more than 30 years of experience working with the federal government.

As an 8(a) business, FRA offers our customers a variety of contract advantages including:

- Direct negotiated contracts with no award dollar limits
- Limited potential for award protest
- Small Disadvantaged Business Credits
- Simplified and accelerated procurements

# Driving America's Missions Forward

Akima is a global enterprise comprised of more than 40 small businesses, 8(a) companies, and operating organizations that deliver a broad range of solutions and products to the federal government. As an Alaska Native Corporation (ANC) headquartered in Herndon, Virginia, our portfolio of companies is dedicated to delivering superior outcomes for our customers' missions while simultaneously creating a long-lived asset for our Iñupiat shareholders.
