## About Systems Intelligence

Systems Intelligence is an SBA certified 8(a) Alaska Native Corporation (ANC), a Small Disadvantaged Business (SBD), and a wholly owned subsidiary of Akima. Headquartered in Herndon, Virginia, Akima supports a network of over 45 socioeconomically disadvantaged small businesses through an innovative shared services model that provides business processes and shared back-office support at a level akin to that found in a Fortune 500 defense contractor.

## Enterprise IT Modernization

Systems Intelligence provides agile, innovated and trusted information technology solutions to the federal government and federal integrator community. Our capabilities allow customers to implement and evolve IT enterprise infrastructures to achieve, maintain, and advance functionality, efficiency, security, and compliance.

## A Prioritized Digital Service Delivery Plan

Systems Intelligence works as your partner and advisor at strategic levels to craft a prioritized digital service delivery plan that carefully balances value, risk and feasibility. It may begin with server virtualization but later roll out virtualized desktops to support surging BYOD demands. Or maybe you're looking at data center consolidation, a streamlined database migration, a hyperconverged option or a cloud initiative for cost smart scalability and stronger security. Your passions and priorities drive it all.

DUNS Number: 080686503  
CAGE Code: 7WU36  
UEI Number: EDLIZNGUV8Y9

As an 8(a) business, Systems Intelligence offers customers a variety of contract advantages including:

- Direct negotiated contracts with no award dollar limits
- Limited potential for award protest
- Small Disadvantaged Business Credits
- Simplified and accelerated procurements
